The Cultivator 1997, Comments, Thanks, Answers and Route

Lets start as usual by congratulating our winners, Don Clark, Alan Croucher and Brian Johnson.

Numbers in the Beginners were up on last year the other two events remained static, 83/20/90 and whilst returned answers were up in the National and Main they were down in the Beginners, 55/13/30 i.e. 66/65/33%. The comments included with your answers were very helpful. Most people enjoyed the event and liked the new format, so not being ones to go against the flow, we will retain the same format for next year, but we will be using a new map.

To reflect the higher numbers, we have extended the prize list by another 5%, hence the 2 next best 10% sections.

Last but not least, we extend ours and your thanks to our sponsors, without whose continued support, this event would not be possible:-

Rally Navigational Service for the National Event and The National Table Top Championship.

RallyMaps of West Wellow and David Arnold, of CSMA Motoring and Leisure, for their continued support for the Main and Beginners events.

And last but certainly not least, YOU, all the entrants, since without you there is no event.

We hope to see you again next year and if you enjoyed the event, please tell your friends, regs will be available early in 1998.

Happy and successful plotting in the future

The Organising Team
